FUNDRAISING

Short termism– an outcome of decades of inconsistency?

Limited attention to detail- a make-do culture

Limited Trust- low expectations for planning outcomes

A fiscal orientation to education considered one of the most profitable business in Nigeria

Challenges

Needs- just a few to start with

Understanding of what really matters- e.g. a respect for all types of learners, good education should be for all rather than a chosen few

A coherent system of accountability for a real world class education

Consistency from statutory bodies e.g. issues with tokenism

The difference

NIGERIA'S GENERATION Z – HAVE
CLOSER LINKS WITH PEERS WORLD
WIDE.

THINK DIFFERENTLY FROM THE
ADULTS IN CHARGE

In sum

There is a significant gap for fill to
